Scholarships facilitated by the Australia-Japan Society of Victoria

For over 30 years, the AJSV has organised a most successful reciprocal Scholarship Program with our contacts in Japan.

In recent years, the program changed to work with schools teaching Japanese that have their own short term exchange program. From the pilot scheme in 2010 where we awarded a scholarship to a student from Bright P-12 College to subsequent years of selecting several students each year, thanks to the generous support of corporate sponsors such as Mitsubishi, EY (Ernst & Young) and Murray Goulburn, AJSV is again planning to identify sponsors for students from schools with an established exchange program. It is envisaged that the successful students will participate in a program which is wholly organised by the school.

Details of criteria for student selection are explained below.

CRITERIA

- School must have an existing exchange program.
- Student should be someone whose family could not otherwise afford to participate.
- Student must be studying Japanese.
- Student must be in Year 9, 10 or 11 in 2019.
- Student must travel during the financial year of 2019-2020.
- Student should have a positive attitude towards studies.
- Student should be a good citizen and a contributor to school life.
- Student should preferably be a first time traveller to Japan.

FURTHER INFORMATION

- Only one student may be recommended from each school.
- Ultimate recommendation comes from the school principal and the homeroom or Japanese teacher.
- Student will be required to attend an interview.
- Student must be prepared to meet AJSV Committee members and sponsor upon return to provide feedback. Student must also submit to AJSV a written report (approximately 5 pages) and a short video message regarding the Japan trip within a couple of months after the trip to Japan. The written report will be published in the AJSV newsletter and webpage, and the video message may be shown at the AJSV annual general meeting.
- The value of the scholarship will be \$3500.
- The Society's selection is final and no feedback will be given.
